## Principal's Report

### 2020 Class Planning

Planning for 2020 classes has now commenced. Significant thought goes into the structure of classes and allocation of students into respective grades based on each students social, emotional and academic needs and availability of school resources. With this in mind, families with particular requests are welcome to forward correspondence to me marked confidential prior to Friday 30<sup>th</sup> August. Please note, whilst all requests will be considered and every effort made to accommodate demonstrated needs; this does not necessarily guarantee your request will be able to be met.

### School Council

A reminder to School Council that our next meeting has been brought forward to next Wednesday 7<sup>th</sup> August commencing at 07:00 p.m, which is next week.

### PARENT OPINION SURVEY-Reminder

Families that received a randomly selected Parent Opinion Survey are requested to have this survey completed prior to Sunday 11<sup>th</sup> August. Our school will use the survey results to help inform and direct future school planning and improvement strategies.

### SCIENCE NIGHT

Our Science evening is next Thursday 8<sup>th</sup> August. The evening will provide an opportunity for students and families to explore multiple Science activities. We look forward to your attendance next Thursday.

Enjoy your weekend

Regards  
Andrew Blake
