2018 Parent Opinion Survey

Our school is conducting a survey to find out what parents think of our school. The Parent Opinion Survey is an annual survey offered by the Department of Education and Training that is conducted amongst a sample of randomly selected parents. It is designed to assist schools in gaining an understanding of parents' perceptions of school climate, student behaviour and student engagement. Our school will use the survey results to help inform and direct future school planning and improvement strategies.

Please be advised that all responses to the survey are anonymous.

The survey will be conducted **online**, only takes **10-15 minutes** to complete, and can be accessed at any convenient time within the fieldwork period on desktop computers, laptops, tablets or smartphones. The survey results will be reported back to the school at the end of September.

Randomly selected families will have additional information relating to the Parent Opinion Survey sent to their email account.

University of New South Wales (UNSW) Science Competition

Last term, 6 of our senior students sat the ICAS UNSW Science competition. Having received the student results this week, I am very pleased to report that Rachael, Beatrice, Edward, Charlotte, Piers and Ruben all received very good results and should be proud of their achievements. It is worth noting, that to achieve strong results in this competition our students were required to demonstrate strong reading and analytical skills and have a solid understanding of scientific concepts.

BOOK WEEK (20th -24th August)

To celebrate Book Week this year, all students and staff are invited to dress up as their favourite book character on Wednesday 22nd August. All students will have the opportunity to discuss their book and associated book character at 09:00 in the open learning space.

Regards

Andrew Blake
